As of December 2025 we have found at least one picture of our **St. Lucia** programs for the years listed below but many of the pictures do not provide the name of the young lady as St. Lucia or any of the names of members of her entourage – any help filling in the blanks with names, programs and/or more pictures would be greatly appreciated.

You can mail or email information, old programs and/or pictures of any Monitor Lodge events to:

These and related pictures are also being added to the PowerPoint presentation we use as background entertainment at our annual St. Lucia celebrations.

We also include some of these pictures along with pictures of other Monitor activities in the regularly updated PowerPoint presentation we normally show at our anniversary luncheons and occasional other gatherings.
